

Series	Gas Type	Product Name	Life	Range	Details	Fixed or Portable	Typical applications
Sensoric	AsH <sub>3</sub>	AsH3 2E 1	18 month	0-500ppb	2 Electrode sensors with organic gel electrolyte; available in Mini and 4-Series formats.	Fixed/Portable	Industrial safety, TLV monitoring, semiconductor industry, general industry, portable & fixed point applications
Sensoric	AsH <sub>3</sub>	AsH3 3E 1 F LT	2 years	0-1ppm	3 Electrode sensor with ionic liquid electrolyte and 200ppm hour H <sub>2</sub> S filter; available in Mini and 4-Series formats.	Fixed/Portable	Industrial safety, TLV monitoring, semiconductor industry, portable & fixed
Sensoric	AsH <sub>3</sub>	AsH3 3E 1 LT	2 years	0-1ppm	3 Electrode sensor with ionic liquid electrolyte; available in 4-Series and 7-Series formats.	Fixed/Portable	Industrial safety, TLV monitoring, semiconductor industry, portable & fixed
